

Certified Nursing Assistant

Tasks assigned to this position may involve potential and/or direct exposure to blood, body fluids, infectious diseases, air contaminants, and hazardous chemicals.

Name: _____ Date of Hire: _____

Department Assigned: _____ Supervisor: _____

Shift Assigned: _____ Duty Hours: _____

Purpose of Your Job Position

The primary purpose of your job position is to provide each of your assigned residents with routine daily nursing care and services in accordance with the resident's assessment and care plan, and as may be directed by your supervisors.

Delegation of Authority

As a **Certified Nursing Assistant** you are delegated the administrative authority, responsibility, and accountability necessary for carrying out your assigned duties.

Job Functions

Every effort has been made to identify the essential functions of this position. However, it in no way states or implies that these are the only duties you will be required to perform. The omission of specific statements of duties does not exclude them from the position if the work is similar, related, or is an essential function of the position.

Miscellaneous Information	Risk Exposure Potential to Blood and/or Body Fluids	Essential Function (✓ = NO)	Safety Factors			Competency Evaluation	
			Function Requires Repetitive Motion (✓ = YES)	MINIMUM Weight Lifting Requirements Apply to Task (✓ = YES)	Function Requires Prolonged Sitting, Standing, Bending, etc. (✓ = YES)	Performs Function Satisfactorily (✓ = NO)	Needs In-Service Training (✓ = YES)
